VT Industries, Inc. Acquires Capitoline Products, Inc.

HOLSTEIN, IA (September 1, 2015) — VT Industries, Inc., the industry leading manufacturer of postformed laminate countertops, announces their recent acquisition of Capitoline Products, Inc. The Capitoline acquisition is a direct result of VT’s commitment to the advancement of the countertop industry, specifically the laminate category.

Capitoline Products, Inc. is an established and respected regional laminate countertop and decorative panel manufacturer located in Rome, Georgia. Like VT Industries, Capitoline is a family owned and operated business. They have reputedly served the Georgia, Tennessee, Alabama, and Carolina markets with quality products for the past 25 years.

“Category innovation and continued growth are just two of the benefits of the Capitoline acquisition,” notes Craig Francisco, senior vice president for VT’s Dimensions and GeoScapes divisions. “There is an obvious synergy that will positively impact future business and the momentum VT’s Dimensions and GeoScapes products have achieved within the countertop industry will continue to crescendo.”

The integration of the two companies will begin immediately and take place over the coming year. “Our customers will continue to receive the world-class customer service and products they’re accustomed to,” notes Francisco.

About VT Industries

Headquartered in Holstein, Iowa, VT Industries, Inc., is North America’s leading manufacturer of VT Dimensions countertops, GeoScapes Architectural Stone Surfaces, and Architectural Wood Doors. The company’s three divisions serve customers from nine manufacturing facilities strategically located throughout the U.S. and Canada. Visit the company’s website at www.vtindustries.com for more information.
